DETAILED ACTION

1. Claims 1-27 are pending in the application.

Information Disclosure Statement

2. Applicant's Information Disclosure Statement, filed on July 15, 2004, has been considered. Please refer to Applicant's copy of the 1449 submitted herein.

Responses to Election/Restriction

3. Applicant's election of Group I claims 1-13, in the reply filed on September 15, 2006, is acknowledged. Because applicant did not distinctly and specifically point out the supposed errors in the restriction requirement, the election has been treated as an election without traverse (MPEP § 818.03(a)).

Claims 1-13 are prosecuted in the case. Claims 14-27 are withdrawn from further consideration pursuant to 37 CFR 1.142(b), as being drawn to a nonelected invention.

The requirement is still deemed proper.

EXAMINER'S AMENDMENT

4. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee. Authorization for this examiner's amendment was given in a telephone interview

Art Unit: 1626

with Ernest V. Linek on October 17, 2006. The application has been amended as follows:

delete claims **14-27**.

Reasons for Allowance

5. The following is an examiner's statement of reasons for allowance:

Claims 1-13 are neither anticipated nor rendered obvious over the art of record, and therefore are allowable. This invention relates to simple stereocontrolled synthesis of salinosporamide A. The closest reference is Stadler et al. WO 2004071382, which discloses Preparation of 6-oxa-2-azabicyclo[3.2.0] heptane-3,7-dione (salinosporamide) derivatives for inhibition of proteasomes and treatment of proteasome-mediated diseases. The difference between the reference and instant claims is that instant claimed processes have not been found. A suggestion for modification of above reference to obtain the instant claimed processes has not been found. Claims 1-13 are allowed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
